Neighborhood Watch is a group of people living in the same area who work with the Police Department to make their neighborhood safer. Through coordination and cooperation with the police, Neighborhood Watch members learn non-intervention ways to deter crime and vandalism by staying alert to unusual activity and contacting the authorities.

NEIGHBORHOOD WATCH:

- Organizes citizens in the fight against neighborhood crime.
- Builds community pride and unity.
- Improves communication between neighbors.
- Improves communication between neighborhood residents and police.

- Promotes a sense of security, responsibility and personal control among neighbors.

STARTING A NEIGHBORHOOD WATCH

Detailed guidance on how to start a Neighborhood Watch program is available by going to the Police Department website (www.wspd.org) and clicking on the Crime Prevention link on the left. The basic steps are:

1. Find out if your neighbors are interested.
2. Find out the concerns of your neighborhood.
3. Determine the area your Neighborhood Watch will cover.
4. Conduct a Neighborhood Watch start-up meeting.

The Police Department's Neighborhood Watch Coordinator can answer questions and guide you through the process. Contact information for the coordinator is on the Neighborhood Watch page of the website.

NATIONAL NIGHT OUT

National Night Out is a national event for Neighborhood Watch groups and is held the first Tuesday in August. This is a night for Neighborhood Watch members to gather outside and grill out, hold pot-luck suppers, play games and show criminals that they have taken back their streets. Winston-Salem has an active National Night Out program that involves elected officials, city officials and the leadership of the Police Department. More information can be found at www.nno.org and on the Police Department's Neighborhood Watch web page.
